

Article no.	6500303
Category	BIO bib with self-adhesive tape fastening
Product	BIO bib 37 x 67 cm
End use	Protection against liquids and food

The mark of responsible forestry

1. Ideal and hygienic as protection against liquids. Effectively protects the patient.
2. With a welded and reversible pocket, to ensure extra strength and security in case of spills.
3. Tape fastening on the shoulders.
4. Considerate application, as you have eye contact with the patient.
5. Easy and quick to unfold and apply.
6. Made of one layer of tissue and one layer BIO-film.
7. The tissue absorbs the fluid in an effective way and the film prevents leakage.
8. High-quality tissue from 100% virgin fibers of TCF-pulp (Totally Chlorine Free).
With high absorption abilities and strength.
9. Strong, resilient and liquid safe BIO-film.
10. Made from natural materials only, which makes the product fully compostable and biodegradable.
This ensures that, if the product ends up in nature, it will completely disappear.
11. Dermatologically tested and approved by accredited testing companies. Suitable for people with sensitive skin.
12. FSC certified. This ensures that the forest is produced sustainably and during good working conditions.
13. CE-marked product. Fulfills the requirements of (EU) MDR 2017/745.
14. The plastic packaging has a perforated opening, which can be re-sealed. Allows a hygienic and practical storage and handling.
15. The packaging is made of white PE from renewable sources.
16. Packed in cartons on pallets. The pallets are stretched wrapped with transparent film.
17. The inner packaging and stretch film could be incinerated during standard conditions, or recycled as standard plastic.
18. The cartons could be incinerated or recycled under standard conditions as cardboard.
19. Produced in Sweden.
